PROFESSIONAL OVERVIEW

Customer Understanding and Relationship Building

- 20+ years of sales experience: Building strong relationships and targeted needs assessments.
- Negotiation Skills & Empathy: Effective, trust-based customer communication on equal footing.

Project Management & Flexibility

- Experienced in Project Management: Goal-oriented coordination and control.
- Versatile Role Adaptability: Highly flexible, whether in consulting, project management, or as a technical liaison.

Technical & Digital Expertise

- IT Skills: CRM systems, cloud solutions, and full-stack technologies.
- Analytical Thinking: Data analysis to optimize sales and service processes.
- Clear Explanation: Conveying complex technology accurately and in a customer-friendly manner.

INTERESTS

Animal protection and social engagement are a part of my lifestyle, as are fitness, vegan nutrition, and my love for cooking. Travel and exploring foreign cultures inspire me, particularly the captivating Serengeti. In my free time, I enjoy series, fantasy literature, and spending quality time with my wife and our cats.

ADDITIONAL INFORMATION

Career Sabbatical

12/20 - 06/21

- Supported my wife in establishing her business.
